Registration is now open ONLINE!

Sharing our values each day

A Message from the Board of Education

Ensuring that our students are engaged in meaningful learning and encouraged to rise to new challenges is our mission in Chinook's Edge. At the core of this work are the strong values that guide character development and positive school culture that we see our staff cultivating for students each day. It is gratifying in our role of Trustee to have many opportunities to visit our schools and see that our division's mission, vision and values are at the core of every interaction with students.

There are countless examples, large and small, of our values in action throughout Chinook's Edge. As we watch staff in our school communities work to provide a safe and caring culture, where students feel a sense of belonging, we know our core values are present at every level of our school division. This impacts the potential of each student as an individual and fortifies the values that our Chinook's Edge families have come to expect from us. As Trustees, we are extremely proud of these efforts and priorities in Chinook's Edge.

Colleen Butler, Chair

Chinook's Edge Board of Education
